PEREGRINE US MANAGED VOLATILITY EQUITY FUND

Introduction

The Fund is a Cell of Peregrine Global Funds PCC Limited, a protected cell company registered with limited liability in Guernsey on 13 March 2012 and authorised by the GFSC as an authorised open-ended collective investment scheme of Class B. On 17 November 2020, the Directors resolved to change the name of the Fund from “Peregrine US Protected Equity Fund” to “Peregrine US Managed Volatility Equity Fund”. At the date of this document, the Company has eight other Cells in existence, namely:

- Peregrine Global Greats Fund;
- Peregrine Global Real Estate Fund;
- Peregrine US Bond Fund;
- Peregrine Enhanced USD Cash Fund;
- Peregrine Emerging Market Equity Fund;
- Peregrine Global Equity Feeder Fund;
- Peregrine Global Macro Fund;
- Peregrine Global Dividend Fund.

The Base Currency of the Fund, being the currency in which the Fund will price and report its results, is US Dollars.

The Fund comprises four classes of Participating Shares:

- Class Z, denominated in US Dollar
- Class Z (hedged), denominated in South African Rand
- Class R, denominated in US Dollar
- Class R (hedged), denominated in South African Rand

The Directors may create additional classes from time to time in their absolute discretion.

The Directors may restrict, in their absolute discretion, investments into Participating Shares generally or in any particular case. In particular: (a) investments in Class R and Class R (hedged) Participating Shares may be restricted to investors who have entered into a discretionary investment management or advisory agreement with a Peregrine Group company, and (b) investments in Class Z and Class Z (hedged) Participating Shares are generally restricted to other funds managed/advised by a Peregrine Group company.

The Net Asset Value of the Fund and the underlying assets of the Fund will be valued in the Base Currency. Exposure to investments which are not denominated in the Base Currency may not be hedged against the Base Currency; however, the Manager will take the possibility of such movements into account in its investment policy.

The prices of Participating Shares denominated in currencies other than the Base Currency will fluctuate as a result of movements in the exchange rates between the Base Currency and such other currencies. Each class of Participating Shares may be affected favourably or unfavourably by changes in the exchange rate between the Base Currency and the currency in which such class is denominated. However, the Manager may, by appropriate currency hedging, seek to protect the value of the Participating Shares denominated in currencies other than the Base Currency. Furthermore, the Manager may seek to enhance returns of the Participating Shares denominated in currencies other than the Base Currency by implementing, varying or removing such hedging from time to time based on the Manager's view of the relevant currency position ("**Dynamic Hedging**"). All assets, income, earnings, liabilities, expenses and costs attributable to a particular class (for example, hedging costs) will be booked against the class to which such items relate.

The Directors are permitted to amend the following investment objectives, policies and restrictions (including any borrowing and hedging powers) applicable to the Fund provided that no material change shall be effected without Shareholders being given a prior opportunity to deal in their Participating Shares. Shareholders will not be required to approve any amendments to the following investment objectives, policies and restrictions (including any borrowing and hedging powers) applicable to the Fund although the Directors reserve the right to seek approval from Shareholders by Extraordinary Resolution in lieu of the provision of a prior opportunity to deal in their Participating Shares if they consider it appropriate to do so.

Investment Objective

The Fund's investment objective is to seek equity based capital growth with less risk than long-only equities over the long term whilst preserving capital over the shorter to medium term. The intention is that growth be predominantly of a capital nature with income largely reinvested.

The investment objective of the Class Z and Class R Participating Shares is to achieve outperformance of the Dollar benchmark which is 40% ICE Bank of America Secured Overnight Funding Rate Index + 60% S&P500 Index (the "**Dollar Benchmark**")

The investment objective of the Class Z (hedged) and Class R (hedged) Participating Shares is to achieve outperformance of the Dollar Benchmark, 50% hedged to South African Rand.

Investment Policy

- The Fund will employ a strategy that permanently has lower risk than the US equity market. It will seek to ensure that the portfolio is permanently hedged in varying degrees which aims at reducing volatility and minimising the impact of falling equity prices/markets. However, around the expiry date of hedge positions, effective exposure to the equity market could vary between 0% and 100% thereby significantly affecting fund volatility.
- To achieve the investment objective, the Fund may invest directly in US securities and or derivatives that are listed on any stock exchange or market that is:
 - a full member of the World Federation of Exchanges; or
 - located in any Member State of the European Union or the European Economic Area; or
 - located in any of the following countries: Australia, Canada, New Zealand,

Switzerland, United States of America and United Kingdom;

(collectively, the “Principal Exchanges”). These securities will primarily consist of listed equity investments, including listed real estate, index futures and options on index futures.

- The Fund may also invest in collective investment schemes with a predominant US focus, fixed income securities, money market instruments, cash and cash equivalents.
- The Manager may use currency hedging techniques, when necessary, to actively manage the Fund’s currency exposure in underlying investments in order to meet its objectives. The Manager may also seek to enhance returns on Participating Shares denominated in currencies other than the Base Currency through the use of Dynamic Hedging. Foreign exchange credit lines will be needed to implement currency hedging techniques and whilst the Manager will take steps to ensure that credit lines are in place it can provide no assurances. It is possible that the Participating Shares denominated in currencies other than the Base Currency may not always be fully hedged against currency fluctuations.
- The Fund will seek to protect downside risk through utilizing permanent hedging mechanisms using derivative instruments. The Fund may also use derivative instruments for the purpose of efficient portfolio management.
- The Fund cannot guarantee that it will achieve its objective given financial market fluctuations and the other risks to which investments are exposed.

Investment Restrictions

The assets of the Fund shall not be invested in contravention of limits or restrictions imposed under its Articles and disclosed in its Particulars and these Supplemental Particulars; and if the limits or restrictions disclosed in the Particulars and these Supplemental Particulars are more restrictive than those imposed under the Articles, no departure may be made from the limits or restrictions disclosed in the Particulars and these Supplemental Particulars unless written notice is given to Shareholders and the Particulars and/or these Supplemental Particulars are duly amended in accordance with the Rules.

Principal Restrictions

The principal restrictions and limitations are as follows:

- Investment in equity securities issued by companies not listed on a Principal Exchange will be limited to a maximum of 10% of the Net Asset Value of the Fund.
- Investment in non-US listed equity securities will be limited to 30% of the Net Asset Value of the Fund.
- A maximum of 10% of the Net Asset Value of the Fund may be invested in transferable securities issued by the same issuer. This does not apply to obligations of, and issues guaranteed by, the US Treasury, US Agencies, and US Government Sponsored Enterprises – all of which are exempt from this limitation.
- Not less than 90% of the interest-bearing instruments held by the Fund (if any), as measured by their market value, must have a credit rating of “investment grade” by Standard & Poors, Moody’s and/or Fitch.

- Gearing and leveraging will not be allowed and borrowing will only be allowed for the purposes described under the section “Borrowings” below.
- No uncovered derivative short positions are allowed.
- The Fund may not invest in an instrument that compels the acceptance of physical delivery of a commodity and the Fund may not accept physical delivery of a commodity.

Collective Investment Schemes

- The Fund’s investment in other collective investment schemes will not exceed 75% of its Net Asset Value.
- All collective investment schemes must be Authorised Schemes.
- The Fund may not invest in collective investment schemes that are classified as a fund of funds or a feeder fund unless measures are put in place to prevent double charging of investment management fees on the same assets.

The Manager will ensure that the Fund, at the time of any investment purchase, or upon entering into any contract, is not in breach of the above investment restrictions. Accordingly, the Manager shall be under no obligation to dispose of any investments which, following the initial investment, cause the Fund to exceed the above restrictions.

Authorised Schemes

Subject to the investment restrictions, the Fund may invest in “Authorised Schemes”. Authorised Schemes comprise those collective investment schemes, listed or unlisted, which must meet all the criteria below.

- The scheme is operated on similar criteria to those applicable to South African domiciled collective investment schemes in securities and such a scheme may not be classified as a hedge fund (Schemes that are approved by the Financial Sector Conduct Authority to solicit investments in South Africa, provided that they may not be classified as hedge funds, are deemed to meet this criterium.);
- The scheme is not allowed to utilise borrowing for the purpose of gearing;
- The scheme may only use derivatives for efficient portfolio management and no uncovered short positions and/or net short positions are allowed;
- The scheme offers a minimum of weekly investor dealing;
- The scheme does not invest in instruments that compel the acceptance of physical delivery of a commodity;
- The scheme has a risk profile that is not significantly higher than the risk profile of the other schemes that may be included in the Fund.
- The scheme is not a synthetic exchange traded fund (“ETF”) nor is it a leveraged ETF.

Prior to any investment in a collective investment scheme the Investment Advisor must carry out a formal investment due diligence on the collective investment scheme and must certify to the Manager

that such scheme complies with the criteria above.

Currency Hedging

The Manager may, by appropriate currency hedging, seek to protect the Fund against a decline in the value of the US Dollar against the currencies in which the underlying investments may be denominated.

The value of Participating Shares denominated in currencies other than the US Dollar may be affected favourably or unfavourably by changes in the exchange rate between the US Dollar and the currency in which the relevant Participating Shares are denominated. The Manager may, by appropriate currency hedging, seek to either protect the value of the Participating Shares denominated in currencies other than the US Dollar against a decline in the value of their respective base currencies against the US Dollar (the base currency of the Fund) and/or enhance returns of those classes by Dynamic Hedging except such as may arise through the underlying investment strategy of the Fund.

All costs of hedging which is specific to a particular class will be allocated to the Net Asset Value of the relevant class.

Borrowings

In accordance with the general provisions contained in the Articles and these Particulars, the Fund may borrow up to 10% of its net assets on a temporary basis. Such borrowings are permitted only to meet the Fund's obligations in relation to (i) the administration of the Fund relating to purchase or sale transactions; and/or (ii) the redemption or cancellation of Shares in the Fund. Borrowings in relation to (i) above are only permitted for a period of up to 8 calendar days, and 61 calendar days in respect of (ii) in order to comply with the South African Financial Sector Conduct Authority and to allow for the Fund to be distributed to South African retail investors. However, at all times borrowings on behalf of the Fund will be in accordance with the requirements of the Guernsey Financial Services Commission.

All costs of borrowing will be for the account of the relevant class.

No borrowing shall be undertaken which exceeds the limits or restrictions laid down in the Articles and these Supplemental Particulars unless written notice is given to Shareholders and the Articles and these Supplemental Particulars are duly amended.

Use of Derivatives

Derivatives shall be used to protect the downside risk of the portfolio and for efficient portfolio management (i.e. no gearing or leveraging will be allowed). Unlisted derivative instruments will only be allowed for unlisted forward currency, interest rate or exchange rate swap transactions associated with the hedging policy described under "Currency Hedging" above. No uncovered short derivative positions will be allowed. Typical transactions would include the purchase of protective puts or put spreads. This can be combined with covered call writing in order to reduce the cost of purchased protection. Index futures may only be used for efficient portfolio management.

The Manager and the Investment Advisor will execute derivative transactions for and on behalf of the Fund via an account held with the Prime Broker. The Prime Broker requires a margin to be held for transactions in financial derivatives. The maximum exposure the Fund may have to the Prime Broker (which includes initial margin, variation margin and independent amounts under the terms of the relevant brokerage agreements) shall not exceed 30% of the Net Asset Value of the Fund at any time.

Distribution Policy

The objective of the Fund is long-term capital appreciation. The Directors may declare dividends out of the assets of the Fund lawfully available for the purpose, but are under no obligation to do so. Dividends will automatically be re-invested for the benefit of Shareholders.

Report and Accounts

The audited financial statements of the Company, which include the Fund, will be prepared and distributed in accordance with the Particulars of the Company.

Safe-Keeping of Assets

All assets of the Fund shall be held in safe custody by the Custodian save in respect of cash and non-cash assets held by the Prime Broker as collateral under the terms of the relevant brokerage agreement(s). The Custodian accepts no responsibility in respect of assets held by the Prime Broker as collateral. The GFSC has agreed to modify rule 4.05(2) of the Class B Rules (relating to the Custodian's responsibility to ensure the safe custody of all scheme property of the Fund) so that the Custodian shall not be responsible for assets held by the Prime Broker accordingly.

Register

Any Shareholder may inspect the Register of Shareholders at the office of the Administrator, the address of which is stated in the Directory in the Particulars, during usual office hours.

MANAGEMENT AND ORGANISATION

The Investment Advisor

The Manager has appointed Citadel Investment Services (Proprietary) Limited (the "Investment Advisor") as investment advisor in respect of the Fund. The Investment Advisor is incorporated as a company with limited liability in South Africa. Its registered office is at Eastwood Office Park, Lynnwood Service Road, Protea House, Block B, Lynnwood Ridge, Extension 13, Pretoria, 0081. The Investment Advisor is a wholly owned subsidiary of the Citadel Group and part of the same corporate group as the Manager.

By an addendum to the agreement dated 1 January 2013 (the "Investment Advisory Agreement") the Investment Advisor undertakes to keep the Fund's investments under regular review and provide the Manager with advice on the investment and general deployment of the Fund's assets. The Investment Advisor has no discretionary authority and, except where expressly instructed, the Investment Advisor shall not have any power to enter into any transaction on behalf of or in any other way to bind the Manager and/or the Company.

The Investment Advisor shall not be responsible for any loss or damage which the Manager or the Company may sustain or suffer as a result of or in the course of the discharge of its duties other than loss or damage by reason of the fraud, negligence or wilful default of the Investment Advisor. The Manager out of the property of the Company shall indemnify and hold harmless the Investment Advisor against all claims and demands which may be made against the Investment Advisor in respect of any loss or damage sustained or suffered by any third party, otherwise than by reason of the fraud, negligence or wilful default of the Investment Advisor. Such indemnity shall be limited to the assets of the Cell to which the action, claim, proceedings or demand in question relates.

The Investment Advisory Agreement provides that the appointment of the Investment Advisor will continue in force until terminated by the Investment Advisor or the Manager giving to the other parties not less than three months' written notice, although in certain circumstances (including where a resolution for the winding up of a party or parties to the agreement is passed or where a party or parties to the agreement commits material breach of its obligations under the agreement) the agreement may be terminated forthwith by notice in writing.

The Investment Advisor has the power to delegate any of his duties and functions to a third party with the approval of the Company. Details of such appointment will appear in the relevant Supplemental Particulars.

The Investment Advisor may deal in Participating Shares without accounting to the Shareholders or the Company for any profits.

The remuneration of the Investment Advisor is met by the Manager out of its own remuneration, however the Company shall be liable to meet properly incurred expenses of the Investment Advisor in the furtherance of its duties.

RISK FACTORS

The risk factors which investors should consider before making an investment in the Fund are detailed in the Particulars relating to the Company. In addition to those risk factors, investors should note the following additional risk factors which are specific to the Fund.

Prime Broker Risk

Non-cash assets held by, or deposited with the Prime Broker by way of margin/collateral will be held on the basis that the Prime Broker shall have title to and full ownership of such assets. The Prime Broker will only have an obligation to return equivalent assets of the same type, nominal value, description and amount or, if the collateral has been redeemed, the proceeds of such redemption. The FCA Custody Rules shall not apply to non-cash assets held by the Prime Broker and the Prime Broker may deal with such assets as if they were its own; if the Prime Broker defaults the Fund may not be as well protected as if the assets were held in a typical sub-custodian relationship. Cash held by, or deposited with the Prime Broker by way of margin/collateral will be held with an approved bank in accordance with the FCA Client Money Rules. The Prime Broker may also allow another third party (for example, a market, intermediate broker, OTC counterparty or clearing house) to hold or control client money in order to effect transactions on behalf of the Fund. In the event of insolvency of that third party, the Prime Broker will only have an unsecured claim against the third party on behalf of the Fund and the Prime Broker's other customers and the Fund may not be able to recover the cash balance in full or at all.

The maximum exposure the Fund may have to the Prime Broker (which includes initial margin, variation margin and independent amounts under the terms of the relevant brokerage agreements) shall not exceed 30% of the Net Asset Value of the Fund at any time.

Subscriptions

Participating Shares are available for subscription by eligible investors at the Subscription Price per Participating Share. Investors may subscribe for Participating Shares on any Subscription Day in accordance with the procedure set out below under "Application Procedure". Subscriptions in the Fund are subject to acceptance by the Manager.

The Directors may restrict, in their absolute discretion, investments into Participating Shares generally or in any particular case. In particular: (a) investments in Class R and Class R (hedged) Participating Shares may be restricted to investors who have entered into a discretionary investment management or advisory agreement with a Peregrine Group company, and (b) investments in Class Z and Class Z (hedged) Participating Shares are generally restricted to other funds managed/advised by a Peregrine Group company. Furthermore, the Manager may close the Fund to new subscriptions if it determines, in its sole discretion, that the acceptance of further subscriptions is not in the interests of existing Shareholders.

The Initial Offer Period, during which Class Z (hedged) Participating Shares will be available at a fixed price of ZAR100 will close at 3.00 p.m. on the Closing Date. Completed application forms in respect of applications must be received by the Administrator by 3.00 p.m. Guernsey time two (2) Business Days prior to the Closing Date. Subscription monies in respect of applications must be received by the Administrator by 4.00 p.m. Guernsey time two (2) Business Days prior to the Closing Date. At all times the minimum initial subscription for Participating Shares that will be accepted is as follows:

Class R, Class R (hedged): US\$10,000 (or the South African Rand equivalent in the case of Class R (hedged))

Investments in Class Z shares are generally restricted to other funds managed/advised by a Peregrine Group company.

The Manager may vary these amounts but not so as to require Shareholders to increase their holdings in the Fund. Additional subscriptions may be made in any amounts.

The Manager may waive such minimum subscription thresholds either generally, or on a case by case basis, in its sole discretion.

Application Procedure

The Administrator must receive an application form (prospective shareholders) or clear instruction (existing shareholders) by post, fax or electronic means by no later than 4.00 p.m. Guernsey time on the Business Day prior to the relevant Subscription Day in the case of the USD denominated share classes and by 4.00 p.m. Guernsey time two (2) Business Days prior to the relevant Subscription Day in the case of the ZAR denominated share class. - in the case of a corporate investor, a certified copy of its current authorised signatory list.

All requests received before 4.00 p.m. Guernsey time on a Business Day will be processed on that Business Day. Those received and accepted after that time will be processed the next Business Day.

Issue of Participating Shares and Settlement

Participating Shares are issued upon acceptance of an application for Participating Shares on the condition that cleared payment is received by the Administrator by the third Business Day after the Subscription Day except in the case of a conversion of Participating Shares of one Cell to Participating Shares of another Cell when funds from the redemption of the old Participating Shares will be applied in the purchase of the new Participating Shares.

Notice requiring payment of the Subscription Price shall be deemed to have been made by the Directors with effect from the Subscription Day pursuant to the terms of the application for Participating Shares as provided in this document. In the event that payment is not received by the third Business Day after the Subscription Day (save in respect of conversions as provided above) unless the Manager, in its absolute discretion, agrees otherwise, the Participating Shares shall be forfeited and cancelled without prior notice to the investor at its own cost.

Until cleared payment for the Participating Shares is received from the investor, the Participating Shares are subject to a lien in favour of the Fund. During this period, voting rights and entitlements to dividend payments are suspended, and the investor cannot switch or transfer the Participating Shares. Subscription monies will only be moved to the Fund's account on the third Business Day after the Subscription Day regardless of whether it is received earlier than that date.

Any forfeiture of Participating Shares in accordance with the aforementioned provisions shall include all dividends and distributions declared in respect of such Participating Shares. A forfeited Participating Share shall be deemed to be the property of the Fund and may be sold, re-allotted or otherwise disposed of on such terms as the Directors shall think fit and at any time before a sale or disposition the forfeiture may be cancelled. A person whose Participating Shares have been forfeited shall cease to be a Shareholder in respect of the forfeited Participating Shares, but shall notwithstanding the forfeiture remain liable to pay the Fund all monies which at the date of forfeiture were presently payable by him to the Fund in respect of such Participating Shares together with all administrative costs and/or other investment losses incurred by the Fund associated with the forfeiture of the Participating Shares and the Directors may enforce payment by written demand without any allowance for the value of the Participating Shares at the time of forfeiture.

In all cases any money returnable to the investor will be held by the Manager without payment of interest pending receipt of the remittance.

Details of how payments may be made can be found in the relevant application form or, in respect of clear instructions from existing shareholders, shall be sent by email to the investor on the first Business Day following the relevant Dealing Day. The Manager may reject any application or accept an application in part only or treat as valid an application which does not fully comply with the terms and conditions of application. If any application is not accepted, the amount paid on application (if any) will be returned, without interest to the account from which such monies were originally debited at the cost and risk of the applicant. The Manager in its absolute discretion may accept applications for Participating Shares and/or subscription monies on shorter notice periods either generally or in a particular case.

To ensure compliance with statutory and other requirements relating to money laundering the Manager will require verification of identity from any person or corporate entity lodging a completed application form. This information will be kept on file and will only need to be updated should there be any relevant changes made. Any information provided to the Company or the Manager in this context is collected for anti-money laundering compliance purposes only. If within a reasonable period of time following a request for verification of identity, the Manager has not received evidence satisfactory to it, it may, in its absolute discretion, refuse to allot the Participating Shares applied for in which event application monies will be returned without interest to the account from which such monies were originally debited at the cost and risk of the applicant. References to the "Manager" in this paragraph shall include its nominees and duly appointed agents including, but not limited to, the Administrator.

Each potential investor of Participating Shares will be required in the application form to make appropriate representations and warranties.

Potential investors are referred to the Particulars for details of calculation of Subscription and Redemption Prices and the procedures applicable to the subscription, redemption and conversion of Participating Shares.

The attention of investors is drawn to the Privacy Notice at Appendix 1 to the Particulars which sets out how and why the Company and its service providers process personal data.

Redemption Notice and Procedure

A Shareholder who wishes to redeem all or any part of his holding must give the Administrator notice of his intention by 4:00 p.m. Guernsey time on the Business Day prior to the relevant Dealing Day in the case of the USD denominated share classes and two (2) Business Days prior to the relevant Dealing Day in the case of the ZAR denominated share class for Participating Shares to be redeemed on that Dealing Day. Such a request should clearly identify the holding to be redeemed by including the details as inscribed on the register of Shareholders or the purchase contract reference number or the investor's account number. The Manager in its absolute discretion may accept shorter notice periods for redemption having regard to, among other things, the liquidity of the Fund and the potential disadvantage to other Shareholders. The Redemption Procedure for the Fund is set out in the Particulars.

Conversion Procedure

The Conversion Procedure for the Fund is set out in the Particulars.

Compulsory Redemption

The Directors have resolved that they may at their discretion compulsorily redeem at any time the Participating Shares in the Fund of any investor which, as a result of a redemption of any part of the investor's holding, have a value of less than US\$5,000 (or the currency equivalent) in the case of Class R or Class R (hedged) or less than US\$1,500,000 in the case of Class Z or Class Z (hedged).

If the Net Asset Value of the Fund or any share class is less than US\$25 million (or currency equivalent) on each Valuation Point falling within a period of 12 consecutive weeks the Directors may on not less than 21 clear days' notice (expiring on a Dealing Day) either compulsorily redeem all the Participating Shares of the Fund or the share class in issue or convert them into Participating Shares of another Cell or another class of the same Cell.

Participating Shares may be compulsorily redeemed if the holder thereof is deemed by the Directors to be holding such shares in breach of any applicable law or requirement of any country or governmental authority.
